

# Amber Sultan

## Front-End Developer

+92 3254672765 | [ambersultan124@gmail.com](mailto:ambersultan124@gmail.com) | [github.com/AmberSultan](https://github.com/AmberSultan) | [linkedin.com/in/ambersultan/](https://linkedin.com/in/ambersultan/)

### SKILLS

**Languages:** HTML5, CSS3, JavaScript, Node.js

**Frameworks & Libraries:** React JS, Next.js, Bootstrap, Tailwind CSS, Aceternity, MUI, AOS, Express.js

**Tools:** Git, Postman, Figma(UI/UX), Adobe Photoshop

**Skills:** API Integration, API Handling, User Experience (UX) Design, CMS Integration, RESTful Services, MongoDB

### WORK EXPERIENCE

#### Front-End Developer Intern ( React JS, Next JS, Node JS, MongoDB) | TechHype | Lahore, Punjab, Pakistan - Onsite | July 2024

- Developed responsive web applications using React and Next.js.
- Collaborated with senior developers to enhance code quality, optimize performance, and implement best practices.
- Transitioned to backend development, gaining experience with Node.js and Express.
- Worked on RESTful APIs and managed database (MongoDB).

#### Front-End Developer | Freelancer | Viista Group Marketing Inc | January 2025 - February 2025

- Collaborate with a company on their Project to develop and enhance the user interface.
- Coordinate with backend developers to integrate APIs and ensure seamless functionality.
- Ensure cross-browser compatibility and performance optimization.

#### React & Next JS Intern ( React JS, Next JS, Typescript, Tailwind CSS) | Bytewise | Lahore, Punjab, Pakistan | June 2024 - August 2024

- Developed and maintained user interfaces using React and Next.js.
- Participating in code reviews and providing constructive feedback.
- Experience with state management libraries. Using Git for version control and collaborating on repositories

### PROJECTS

#### FilmMax - Movie Website | Next.js Typescript Node.js MongoDB | August 2024 - September 2024

- This Project is a Full-Stack Website designed and developed as part of an **internship at TechHype**.
- The frontend using Next.js with TypeScript and the backend with Node.js (Express.js), integrating MongoDB for data storage.
- The platform allows users to explore and book movie tickets, access exclusive promotions, and view detailed film information.
- Implemented a user-friendly interface for seamless browsing of movie listings, showtimes, and ticket bookings.

#### Container Trading | React.js | Freelance Project | [View Project](#)

- Developed the frontend for a platform facilitating **Container booking and selling**.
- Implemented **user authentication** for secure access.
- Integrated PayPal** for seamless online transactions.
- Designed a super admin portal to monitor seller and buyer activities.
- Enabled sellers to place bids for required container
- Frontend design follows UI/UX best practices for an engaging and seamless user experience.

#### Melody Mentor - Music Website | Next.js Tailwind Aceternity UI

- Developed a music website using Next.js for server-side rendering and fast performance.
- Styled the platform with Tailwind CSS, ensuring a modern and visually appealing design while maintaining a mobile-first approach.
- Integrated Aceternity UI components for a seamless and consistent user interface across the platform.

#### Pakistani Landmarks | GSAP Animation | [View Project](#)

- Developed an interactive website that showcases famous Pakistani landmarks, using GSAP to create smooth and engaging animations.
- The website highlights key landmarks with dynamic animations that enhance the visual experience as users scroll through the site.
- Utilized GSAP to animate elements and transitions, bringing each landmark to life with creative motion effects

### EDUCATION

#### Bachelor of Science in Software Engineering | Lahore College for Women University | 3.53

**Relevant Coursework:** Cloud Computing, DSA, Database Systems, OOP, Web development, Human Computer Interaction

### ACHIEVEMENTS

**Beta Microsoft Learn Student Ambassador** | Microsoft | Jan 2024 - Present

**Creative Lead** | MLSA Lahore | Present
